

# INTERNATIONAL SHOOTING SPORT FEDERATION

The Secretary General

*To all ISSF Member Federations*

*Munich, March 24, 2021*

Dear Colleagues,

In order to give the athletes more competition opportunities it has been agreed upon with the Organizing Committee of the ISSF World Cup in Lonato, Italy, that each Member Federation will be allowed to enter up to 7 athletes participating in an individual event.

The applicable system is the same as was used for the ISSF Grand Prix in Rabat and the ISSF World Cup in Cairo. Three (3) athletes will be able to compete in the Final and win the medals as well as the 2021 World Ranking points, two (2) will have a chance to achieve the MQS to be eligible for Tokyo 2020 and another two (2) can only earn 2021 World Ranking points.

The respective participation status (medals, MQS, 2021 ranking points) has to be clearly indicated together with the Final registration of the athletes.

Further, if a nation decides to enter more than two (2) Mixed Teams or more than one (1) Team into the ISSF World Cup in Lonato, it also has to be clearly indicated in the Final Entry Form which two (2) Mixed Teams or one (1) Team shall compete for medals. The further Mixed Teams and Teams can take part in Qualification only.

Best regards,

Alexander Ratner
