ISSF WORLD CUP SHOTGUN LONATO DEL GARDA, ITA 7 - 17 MAY 2021

Shotgun Equipment

All skeet athletes must have ISSF seals with serial numbers on their marker tapes. Any shooting vests that do not have ISSF seals on the marker tapes must be submitted to Equipment Control for inspection and the affixing of a seal before the competition.

Equipment Control will be conducted according to ISSF Rules using approved, calibrated instruments. Pre-competition testing is not mandatory, however, athletes are responsible for competing with legal equipment and clothing. All athletes are urged to submit any doubtful equipment and clothing to Equipment Control or the Shotgun Jury for checking before the competition. All athletes are subject to being selected for random testing during the competition. Athletes found to be in violation of the rules for guns or skeet marker tapes will be disqualified.

Cartridge Controls

During Qualification, athletes whose cartridges are to be tested are selected by a computer draw. Between 10% and 18% of the athletes participating in an event will be selected for cartridge testing. Two (2) plus four (4) cartridges will be selected from each athlete and placed in separate labeled envelopes. The two (2) cartridges must be tested, first. If both cartridges weight 24.50 g or less, no further action will be taken. If one (1) or both cartridges weight more than 24.50g, then the four (4) cartridges in the second envelope must be tested. If the average of the six (6) cartridges weight more than 24.50 g, then the athlete must be disqualified (DSQ).

During Final, all six (6) finalists must be tested using the same procedure. The Finalists or their Coaches/Officials must bring, as early as possible, but not later than 30 minutes before the scheduled start of the Final (Reporting Time), all the cartridges that will be used during the Finals and place them in separate Cartridge Control Boxes on the Finals field of play. The Finalists must report at least 15 minutes before the start of the Final. The Equipment Control Jury will take the necessary samples from the boxes, and the boxes will be sealed. The boxes must be left under the supervision of Equipment Control Jury Member on the FOP. Once ammunition is placed in the box and sealed, only the Equipment Control Jury or the Finalist can remove ammunition from the box. No additional cartridges are brought to a Finalist during Finals. All cartridge controls must be completed before the start of the Presentation of the Finalists. Any disqualified (DSQ) athlete will not be allowed to participate in the Finals (There will be no elimination for 6th place; the first elimination will be for 5th place).

Colored Wads

Only transparent or translucent wads with no color may be used.

If an athlete uses ammunition that is not in accordance with Rule 9.4.3.1 a), then the athlete must be disqualified (DSQ).

The Italian Shooting Federation has no influence on the Embassies and will only be able to provide invitations for the period of the ISSF World Cup and eventual pre-event training.

No Visa will be granted upon arrival at the airport.

Customs Formalities, Import of Firearms

A max. of three (3) shotguns and 1.200 cartridges are allowed to enter in Italy.

European Union nationals holding a "European Shotgun Certificate" can import to Italy their firearms without an auxiliary permission; however, they are requested to fill in the "Firearm and Ammunition Form" for Local Police security reasons. Upon receipt of the form duly filled in, the athletes travelling by plane will receive a nominative invitation letter to show the Police and Customs Authority together with the European Shotgun Certificate at arrival.

To the Athletes not holding the European Firearm Certificate, the Organizing Committee soon after receiving the "Firearm and Ammunition Form" duly filled in, will send the FITAV permit to be shown the Police and Customs at arrival in Italy.

All the athletes traveling by plane will have to fill in an additional double copy declaration on arrival at the Italian airport. (As complimentary the OC staff members will do it on their behalf). This form, together with the FITAV permit, at departure from Italy, must be returned to the Police Officers.

The Security service for the delivery of firearms and ammunition in Italian Airports has changed. There is no longer an internal security service but each airline makes use of an external individual security company that provides the service on-call.

In order not to delay the delivery of firearms and ammunition upon arrival, each participating Federation is recommended to book the flights, by declaring the shotguns in the reservation well in advance, to allow the airline to organize the transshipment service and delivery to the Police office in charge for the control of the weapons.

The "Security Tax" is applied to departing weapons and the passenger is charged at discretion of the airline as only some carriers provide the service free of charge.

The O.C. has no influence on the airlines in this regard.

For immediate weapon recognition, in no case should the gun cases be protected or placed into another type of travel bag (canvas, plastic).

Non-European Union citizens are also suggested to take with them a copy of their passport which will be handed to the Police station together with the other forms at arrival, in order to speed the procedure.

Please DO NOT send any passport copy to the Organizing Committee.

Police and Customs firearms formalities will take place upon arrival at the first airport on Italian National Territory and at the last one at departure.

8. Accommodation

Official Hotels

The Delegations will be accommodated at 3*** and 4**** star hotels situated at a distance of 7 to 9km from the Shooting Range. Luxury 5***** hotels will be booked only at request.

The structure and size of the hotels in the Southern Garda Lake area is such that no single hotel or small number of hotels is able to supply the necessary number of rooms for accommodating all the participants of an important event such as the ISSF World Cup. Taking into consideration this limitation, the Organizing Committee has been compelled, as usual, to book more Hotels that are, in any case, comfortable and close to each other.

All the official hotels are facilitated with free wi-fi connection.

Rates are intended per room per night and include buffet breakfast, service and tax.

The Tourist Tax is not included, according to the hotel category it amounts to Euro 1, 00 / 2, 00 per person per night.

All the official hotels **except** DUNANT HOTEL and B&B CORTE DELLE ROSE are situated in Desenzano and Padenghe towns, in front or near the Garda Lake at a driving distance of 15 minutes to the Shooting Range.

Dunant Hotel which differs in style from any others, is situated in the countryside of Castiglione delle Stiviere (MN) at the distance of 7,5km (10 minutes' drive) to the Shooting Range, 16km to Desenzano downtown. The restaurant is with new management.

B&B Corte delle Rose is a small family run B&B opened a few years ago. The restaurant right next door to the hotel located in the same property, is different running. B&B Corte delle Rose is situated on the way that from the shooting club goes to Castiglione; distance to the shooting range 4,5km, and to Desenzano downtown 11km.

Given the location, these two hotels are more recommended for guests arriving by car or having a car (*for leisure*).
